

Un-separated loads will be charged 4 times more than the regular rates

LINCOLN COUNTY LANDFILL RATES

Effective July 1, 2019

Lincoln County Commissioners have announced that there will be rate increases for trash disposal at the Lincoln County Landfill. The Colorado Department of Health and Environment (Solid Waste Division) has mandated that all Landfills in the State have to be compliant with regulations or close and transfer their waste to another Landfill. Lincoln County Commissioners feel that the landfill is a vital component for the residents of Lincoln County and that it will remain available for many years into the future. The fee increase is necessary to provide that future.

The increase in fees is listed below:

\$10.00 Minimum gate fee for loads weighing less than 1000 lbs.

All trash will be assess at \$20.00/ton

Rates will be determined by ¼ ton (500 lbs.) and weights will be rounded up.

Out of county loads will be assessed at 4 times the county rate.

Unsecured loads will be assessed at 4 times the county rate.

Appliance & Furniture	\$10.00/ each piece
Car tires:	\$4.00 each
Truck Tires:	\$10.00 each
Tractor Tires:	\$30.00 each
Batteries:	\$2.00 each
<u>Electronics</u>	\$5.00 each

Monitors and TVs assessed at \$1.00 per inch on the diagonal

The landfill **DOES NOT ACCEPT:**

Ag Bags	Wind tower blades	Pond liners
Dead animals	Car bodies	*Un-separated loads

Appliances with Freon will not be accepted without proper documentation and attached sticker proving Freon was recycled by an EPA certified reclamation professional

ALL LOADS ARE SUBJECT TO ADDITIONAL FEES IF UNSORTED, UNSECURED, AND OR OUT OF COUNTY

Landfill Etiquette and Proper Procedures Regarding Entering and Exiting The New Scales

By Brenda Howe

Please pay close attention as you enter the property. If another party is waiting on the scales, please stay to the right and far enough away from the scales so they can easily exit the property. Do not block the gate and remember Commercial haulers have priority when exiting.

Look for the attendant in the window and the stop/go lights to direct you to pull on the scale. When entering the landfill, if no one is on the scales and you do not see anyone in the window, please honk your horn DO NOT PROCEED onto the scales, until an employee arrives. When directed to pull forward, please drive SLOWLY onto the scales and remain in your vehicle during the weighing process.

Once you have been weighed you need to pull off the scales slowly, and park to the right. We will want to inspect your load, confirm residency, and record your license plate numbers. Please disclose all items you are hauling so we can direct you where to properly dump. Please respect Lincoln county residents and do not lie about where the materials you are hauling come from. Landfill operator reserves the right to refuse service, and/or bill additionally.

Our priority as a landfill is to serve the residents of Lincoln County.

Scavenging is not allowed at the landfill. Go only to where you have been directed to dump. Return to the scales when you are finished dumping, so we can get your empty weight and calculate your charges. Pull on the scales SLOWLY.

Once you have been weighed you may pull off the scales and park to the right far enough away from the scale ramp/entrance that other customers have room to safely enter the scales. Then walk back to the office to pay. IF no other customers are waiting for the scale you may exit your vehicle and use the catwalk to pay in the office, keeping your transaction as brief as possible.

It never hurts to call ahead to be sure the landfill is open. High winds, inclement weather and road closures do cause the landfill operator to refuse to accept business.

Always tarp, cover or cargo net your household waste & yard debris and strap or tie down furniture, wood & appliances BEFORE YOU HEAD TO THE LANDFILL, or you will be charged 75% surcharge on your load.

Hours of operation are 8AM-3PM and customers must be out of the property gates by 3PM . The landfill operator may refuse to allow you to dump if they do not believe you will be able to dump and exit the property by 3PM. We are closed Sundays.
